

# THE DISTRICT'S

2010 - 2011  
FALL - WINTER

## Leaf COLLECTION

NOVEMBER 8, 2010  
JANUARY 15, 2011

Government of the District of Columbia  
Adrian M. Fenty, Mayor

### **District of Columbia 2010-2011 Leaf Collection Program**

The Department of Public Works will collect leaves from November 8, 2010 to January 15, 2011. DPW uses vacuum trucks to collect the bulk of the leaves, which are then composted. We *urge* residents to follow the schedule detailed in this brochure when planning to rake loose leaves into piles in the curbside treebox space for collection.

DPW will collect bagged leaves from the treebox space or the alley in neighborhoods with rear trash and recycling collections. Place bagged leaves next to the trash/recycling container(s). Bagged leaves will be disposed with the trash.

#### **Tips for a Smooth-Running Leaf Collection Season**

- Review the schedule for your street's collection weeks.
- Rake leaves into the treebox space the weekend before your street's collection weeks.
- Please – *leaves only!* Tree limbs, bricks, dirt, rocks, etc., will damage the equipment and delay collections.
- Prevent fires and parking problems by placing leaves in the treebox space, not in the street.

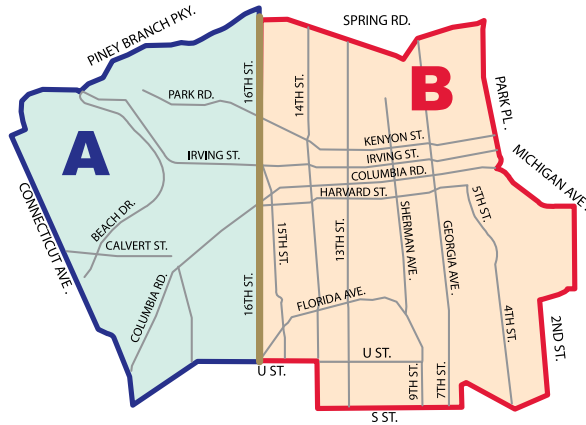

#### **Leaf Collection Facts**

- Every street will have at least two collections. During the first pass, crews will vacuum loose leaves from the treebox space, collect bagged leaves, and clear potentially hazardous situations. The second pass features a more thorough cleaning.
- Collections will be made Veterans Day (Thursday, November 11) and Thanksgiving Day (Thursday, November 25).
- No collections will be made Christmas Day (Saturday, December 25) and New Year's Day (Saturday, January 1).

🚧 **Snow and ice can disrupt the leaf collection schedule** because DPW leaf collection staff support the District Department of Transportation's Snow and Ice Control Program. Expect schedule delays when snow/ice storms are predicted.

🚧 DPW will collect everything, even if the schedule is delayed due to weather or other circumstances. Please be patient. **Bagged leaves will be collected with trash as space permits in the truck.** Check the leaf collection status online at [www.dpw.dc.gov](http://www.dpw.dc.gov).

### GOOD TO KNOW...

## BRING LEAVES TO FT. TOTTEN

4900 John F. McCormack Road, NE, Monday to Friday  
1 pm to 5 pm and Saturday, 8 am to 3 pm. For more  
information, call 311.

## PREVENT WATER POLLUTION

**Keep catch basins clear of loose leaves, debris and trash.** Clogged catch basins (storm drains) can cause increased street flooding during heavy rain. Use the street litter cans for pedestrian litter and your trash cans for trash. **Please do not sweep leaves or sidewalk litter into gutters or catch basins.** Organic material, cigarette butts, and trash washed into catch basins contribute to water pollution. To report a clogged catch basin, please call WASA at 202.612.3400.

**Properly dispose of motor oil and other hazardous materials.** Dumping these items into the catch basins pollutes our waterways and harms wildlife. Bring these or other household hazardous (or electronic) waste items to the Fort Totten Trash Transfer Station (address above) the first Saturday of each month, only, except holidays, from 8 am to 3 pm.

## 2011 HOLIDAY TREE PICK-UP

Holiday trees and wreaths will be picked up curbside from January 3 to January 15. Remove all decorations and place your holiday greenery in the treebox space in front of your home no earlier than Sunday, January 2, and no later than Sunday, January 9.

Any trees not collected by January 15 should be set out with your trash. Trees will be picked up as space in the trash trucks allows over the following weeks.
